

Delta Dental Premier-PPO Dentist Listing for Kern County

This directory contains the names of Delta Dental dentists in your region, in order by county, then by city. You may obtain treatment from any dentist, but if you select a Delta Dental dentist, he or she has agreed to provide treatment according to the provisions of your plan. For example, Delta Dental dentists complete claim forms and submit them directly to Delta Dental. Your plan benefit booklet lists your benefits, limitations and exclusions, and explains coinsurance costs that are your responsibility. If you select a non-Delta Dental dentist, the dental bill is your responsibility. Upon your submission of a completed claim form, Delta Dental will pay allowable amounts in accordance with the provisions of your plan as outlined in your benefit booklet. If you are covered by the Delta Dental PPO plan, you will generally receive a higher level of benefits by going to a Delta Dental PPO network dentist. PPO dentists are noted in this directory by an asterisk (*) in the column to the left of the dentist's name. You will also receive Delta Dental PPO in-network benefits when you go to any endodontist, oral surgeon or periodontist who is listed in this directory. Please note that there may have been changes since the publication date of this directory. Therefore, we strongly recommend that you ask your dentist about his or her current status with Delta Dental. For a current list of Delta Dental dentists in your area, use our online directory through our web site at www.deltadentalins.com.

Services from dental school clinics may be provided by students of dentistry or instructors who are not licensed by the State of California.

Key to dental specialty codes:

- 00 General dentists provide a full range of services for the entire family.
- 01 Endodontists specialize in diseases of the tooth pulp, performing such services as root canals.
- 10 Oral surgeons remove impacted teeth and repair fractures of the jaw and other damage to the bone structure around the mouth.
- 20 Orthodontists correct misaligned teeth and jaws, usually by applying braces.
- 30 Pediatric dentists generally limit their practices to children and teenagers.
- 40 Periodontists treat diseases of the tissues that support and surround the teeth
- 50 Prosthodontists generally specialize in replacing missing natural teeth with bridges and dentures.
- 60 Oral pathologists diagnose diseases of the mouth from study of tissue samples.
